

Applicant: KJETIL NÆSJE
Attorney Docket No.: 1935-00178

In the Specification:

Please add the following heading and paragraph at page 1, between the title and the first line of text as follows:

--CROSS-REFERENCE TO RELATED APPLICATIONS

This application is the U.S. national stage application of International Application PCT/NO2004/000245, filed August 13, 2004, which International Application was published on February 24, 2005, as International Publication No. WO 2005/016084 A1 in the English language. The International Application claims priority of Norwegian Patent Application 20033657, filed August 18, 2003.

BACKGROUND OF THE INVENTION--

Please add the following heading at page 2, between lines 22 and 23, as follows:

--SUMMARY OF THE INVENTION--

Please add the following heading at page 6, between lines 23 and 24, as follows:

--BRIEF DESCRIPTION OF THE DRAWINGS--

Please add the following heading at page 8, between lines 8 and 9, as follows:

--DETAILED DESCRIPTION OF THE DRAWINGS--

Please add the enclosed "Abstract of the Disclosure" as new page 18 to the specification.

--ABSTRACT OF THE DISCLOSURE

The present invention regards an underpressure-activated valve mechanism for controlled dispensing of fluids, including liquid food articles, from a receptacle. When the user applies sufficient suction force (P2) across a pressure comparative
